ABOUT HORIZON UNIVERSITY

MISSION STATEMENT
Horizon University enables students seeking Christ-centered instruction to develop critical thinking skills, a broad knowledge base, and a biblically integrated understanding of their vocation, so that they will successfully inspire servant leadership as they excel in their profession and as they win, disciple and send others for Jesus Christ.

GOALS
Upon successful completion of studies, Horizon University graduates are prepared to:
- **Succeed** in their chosen profession
- **Engage** minds, whether in the workplace, graduate school, or global community
- **Win** a person to Jesus Christ
- **Disciple** a person in Jesus Christ and
- **Send** a person for Jesus Christ

HISTORY
Horizon University is an outgrowth of the vision of Dr. Michael K. MacIntosh, pastor of Horizon Christian Fellowship. This large, dynamic, non-denominational church in San Diego, California began in 1974 as a small bible study in a living room. Since that time, it has grown to be a church with a vision to Win, Disciple, and Send. Over the years, more than one hundred churches and para-church organizations worldwide have grown out of this congregation, and so, too, has Horizon University.

1993 Horizon University initially offered classes under the name Horizon Bible Institute (HBI). With a religious exemption to operate as a non-accredited institution from the State of California Bureau for Private Postsecondary and Vocational Education, many students were equipped for fruitful ministries, and some also went on to additional schooling.

2000 Horizon Bible Institute entered into a relationship with Azusa Pacific University’s Haggard Graduate School of Theology. Those who completed the program went on to earn accredited graduate degrees.

2005 Students began to benefit from a similar relationship with Bethel Seminary in San Diego.

2004 Horizon Bible Institute renamed as Horizon College San Diego to better reflect the comprehensive nature of its programs and in preparation for future growth. First year that a traditional, onsite college program was offered.

2005 Horizon College San Diego added online courses to its offerings.

2006 The Scripps Ranch area of San Diego became the single location of all classrooms, Administration Offices, the library, and student lounge. For the first time the College was housed in a single facility.

2007 Students were first invited to use their Horizon College San Diego education toward an accredited graduate degree at Southern Bible College and Seminary.

2010 Horizon College San Diego moved to a beautiful 16-acre campus in the heart of San Diego.

2013 Accreditation granted by Association of Biblical Higher Education (ABHE) and name officially changed to Horizon University.

2017 Main campus relocated to Indianapolis, IN.
In 2013, Horizon University earned accreditation from the Association of Biblical Higher Education (ABHE), which is a nationally recognized accrediting body providing governance and oversight for the University and an element of additional credibility to the degrees it confers. This means that the investment students are making in their education will retain its value in the marketplace, and that alumni can take their degrees to graduate school or job interviews with confidence. ABHE accreditation also means that Horizon University is eligible to offer Title IV financial aid and VA education benefits to those students who qualify, making Horizon University one of the most affordable Christian undergraduate options available.

While costs and return on investment are important, even more valuable is Horizon University’s unwavering commitment to equipping students to win souls to Jesus Christ. While some of our biblical studies graduates go on to full-time ministry on or off of the mission field, many others take their accredited leadership degree into the secular workplace where they establish their ministry in what is perhaps the most underserved and overlooked population of lost souls. Whether in the far corners of the earth, or around the corner from home, and whether on the warehouse floor, in a retail shop, or a 5 x 5 cubicle, or from a mahogany lined corner office with a view, Horizon University graduates are prepared to answer God’s call.

ACCREDITATIONS
Horizon University is accredited by the Commission on Accreditation of the Association for Biblical Higher Education (ABHE) to grant degrees at the Associate and Baccalaureate levels. ABHE is an institutional accreditation body recognized by the Council for Higher Education Accreditation (CHEA) and the U.S. Department of Education.

NC-SARA membership covers 49 states, excluding California.
California Bureau for Private Postsecondary Education (BPPE) Exemption

WHAT WE BELIEVE
• We believe that there is one God, eternally existing in three persons: Father, Son, and Holy Spirit.
• We believe the Bible to be the inspired, the only infallible, authoritative Word of God.
• We believe in the deity of our Lord Jesus Christ, in his virgin birth, in his sinless life, in his miracles, in his vicarious atonement through his shed blood, in his bodily resurrection, in his ascension to the right hand of the Father, and in his personal and visible return in power and glory.
• We believe that man was created in the image of God, was tempted by Satan and fell, and that, because of the exceeding sinfulness of human nature, regeneration by the Holy Spirit is absolutely necessary for salvation.
• We believe in the present ministry of the Holy Spirit by whose indwelling the Christian is enabled to live a godly life, and by whom the church is empowered to carry out Christ’s great commission.
• We believe that our faith should lead us to Win people to Christ, Disciple people in Christ, and Send people for Christ in obedience to Christ’s last command.
• We believe in the bodily resurrection of both the saved and the lost; those who are saved unto the resurrection of life and those who are lost unto the resurrection of damnation.

Online
Online instruction is delivered through the MY HORIZON online portal (via the Populi LMS platform). A limited number of additional courses may also be available through alternate online platforms including TELibrary and Atheneo (used only for 6-week courses).

NOTE: Although most online courses do not require students to meet at set times together using the online platform, reliable access to the Internet is required in order to meet course requirements. Email is not an acceptable substitute.
ADMISSIONS

Horizon University is committed to equipping Christians for ministry, whether that ministry is on the international mission field, at church, or in the secular workplace. To this end, all Horizon University curriculum is founded on biblical truths and designed to establish in students a deep commitment to the Lord.

In order to be considered for admission to Horizon University, applicants must be able to proficiently read and write in the English language. In addition, each applicant must provide proof of secondary school (high school) completion or the equivalent (GED, for example), or an official transcript from a post-secondary academic institution, verifying a minimum 2.0 grade point average (GPA). An applicant who cannot meet these minimum requirements may appeal to the Admissions Office for conditional (“provisional”) admission. Based upon personal recommendations, commitment, tests, writing samples and life experience, the student may be considered for conditional admission. Once students admitted on a conditional basis complete 6 units toward their designated program with a grade of C or better, they will be considered fully enrolled. The decision of the Admissions Committee is final.

Returning students who have not been enrolled for more than one full academic year will need to re-apply to the University as if they were a first-time applicant. Prior earned credits will not be affected. However, any student that has had more than one year gap in enrollment may encounter changes in the requirements and application of transfer credits toward his or her designated degree.

Whether new or returning, all applicants are advised to attend an information meeting or informational phone call with admissions prior to submitting an online application. These virtual information sessions are available during open admissions cycles. Prospective students can request an informational meeting with an Admissions Advisor by completing a request form on www.horizonuniversity.edu/admissions/.

NOTE: Students requesting readmission to Horizon University who have missed a full academic year or more are required to re-apply, completing the online application process and paying the application fee.

ADMISSION PROCEDURES

Horizon University accepts new enrollments during each term. The deadline for applying to Horizon University (including submitting all required elements) is three weeks prior to the start of each term. Applications received less than three weeks prior to the desired term of enrollment may result in a delay in acceptance and term in which you may begin classes.

Applicants should take the following steps in order (or simultaneously):

1. Request an Information Meeting (www.horizonuniversity.edu/admissions/) to speak with an Admissions representative.

2. Complete and submit an online application (www.horizonuniversity.edu/admissions/), which includes the following:
   - Non-refundable $50 application fee
   - Acknowledgement and acceptance of the Financial Obligation Agreement
   - Acknowledgement and acceptance of Horizon University’s Social and Behavioral Standards
   - Admissions essay: personal faith statement or testimony as a writing sample (minimum 300 words)
3. Provide two personal references (not including family members)
   - References must be submitted by the reference, not the applicant (email: info@horizonuniversity.edu)
   - References must be received on the form/document that is provided in the online application
   - Recommended references are: one from church leadership, and the other from a teacher or employer

4. Provide proof of high school graduation (or equivalent):
   - High school transcript
   - GED
   - An official transcript from a post-secondary academic institution, verifying a minimum 2.0 grade point average (GPA)

5. Submit official transcripts
   - Official transcripts must be received directly from all prior post-secondary institutions from which credit for learning is requested
   - Official high school transcripts, if the student does not have any prior post-secondary educational experience
   - Transfer credit will not be confirmed from unofficial transcripts
   - Transfer credits must be confirmed by the student before registration can take place

6. Schedule and attend an Admissions Interview and accept the entrance degree requirements and transfer credits as illustrated on the entrance degree progress report (DPR)

7. Upon acceptance, provide a valid form of identification (a driver’s license or passport) with current legal address to the Admissions representative. This documentation is required for recipients of federal financial aid.

8. Complete the Financial Aid application process, if aid will be considered (both Title IV and VA benefits are available)
   - Application must be complete prior to Day 1 of classes for Title IV financial aid.
   - Veteran’s benefits must have appropriate documentation (certificate of eligibility) submitted to Horizon University Financial Aid Office prior to Day 1 of classes, although certification will not be made until after the add/drop date.

Applicants are notified of their acceptance status via official Welcome email once a decision has been made. Those admitted will only be notified after all application elements have been received, verified, and processed into the prospective student’s record. Applicants should monitor their email (including JUNK/SPAM folders) carefully throughout the admissions process in order to mitigate delays.

**ACADEMIC ADVISING**

Academic advising is available to students throughout their enrollment at Horizon University. During the admissions process, the student is required to participate in at least one session with an Academic Advisor or other Admissions staff member. This session is intended to establish a common understanding of the Student and Advisor responsibilities and the student’s academic roadmap, and to define shared expectations for progress through completion of the chosen program.

**NOTE:** While Horizon University seeks to come alongside students, it is ultimately the student’s own responsibility to confirm all non-resident credits and degree requirements prior to enrollment and to thoroughly review the Student Handbook and the Catalog each year.
**Degree Progress Report (DPR)**

The Degree Progress Report (DPR) tracks a student's unofficial academic progress through a particular program of study. The DPR tracks completion of general education requirements, electives, degree major requirements and completion of the ministry practicum for the student's program of pursuit. It also includes a record of any non-resident credits awarded towards degree completion and a one year course registration roadmap to guide the student through the current school year.

**NOTE:** Deviation from the roadmap found on the student's DPR will result in delays based on course availability and should be discussed in advance with an Academic Advisor.

Each student receives a degree progress report (DPR) during the admissions process and prior to the initial registration for classes. The DPR includes a registration roadmap provided by their Academic Advisor. Under normal circumstances, the student will register for courses according to their individualized roadmap. The DPR should be reviewed by the student after each offering period to track which courses have been completed and what requirements must still be satisfied. Students should request an advising session to formally update the DPR at the end of each academic year.

The DPR (and the roadmap on it) serves as a guide to students as they register for courses in each offering period.

1. Refer to the registration roadmap on your current DPR to determine which courses apply to your remaining degree requirements.
2. Complete registration online at MY HORIZON prior to the first day of the offering period, or using an ADD/DROP/Withdraw form beginning on Day 1.
3. At your Student Finance page on MY HORIZON, make payment on the tuition and fees for the offering period, except where Title IV financial aid or Veteran's Education Benefits are pending. All balances remaining after the application of financial aid (if any) are due immediately.

**NOTE:** If a student account has a remaining balance at the end of an offering period, the student will be locked out of registration for the next offering period. These accounts may be sent to Horizon University Collections to resolve the past due balance prior to additional registration in classes.

**Social and Behavioral Standards**

Horizon University's Social and Behavioral Standards policy applies to every student, whether or not they have indicated agreement by their signature. Each student's registration in any course indicates agreement tobiblically based guidelines in the areas of speech, dress, authority, relationships, drug/alcohol use and smoking, sexual morality, and lawful conduct. The policy is not intended to serve as a law, but rather as a commitment to participation in Horizon University’s Covenant Community and the “law of love” as found in Romans 14:14-23. “For he who serves Christ in these things is acceptable to God and approved by men.” (Romans 14:18)

The Social and Behavioral standards policy supports our Covenant Community while seeking to ensure the safety and comfort of everyone on campus. Students who are deemed to be out of compliance with either the letter or the spirit of this policy are subject to disciplinary action, and this action may include, but is not limited to suspension, expulsion and/or denial of graduation.

A copy of the Social and Behavioral Standards is included in each student’s application to the University, in the Appendix of this Catalog and in the annual Student Handbook.
ENROLLMENT

Full time students are given priority for enrollment over less-than-full time students in all courses and degree candidates for the current school year are enrolled prior to any other less-than-full time registration.

ENROLLMENT STATUS

Enrollment status influences eligibility for financial aid and other opportunities. It is each student’s responsibility to understand how their enrollment decisions will impact their financial and academic circumstances.

Active

For-credit students are considered active if they are achieving satisfactory academic progress without missing more than one offering period consecutively. Students who stop attending without notice, and/or who fail to successfully complete more than one offering period (the span over summer notwithstanding), and/or who have a past due balance on their Student Finance account may be administratively converted to inactive status without notice.

Inactive

Students become inactive when they graduate or elect to withdraw from the University, or when they are administratively or academically withdrawn by leadership.

A student may be administratively withdrawn from the University when:

- he or she fails to maintain a minimum cumulative GPA of 2.0 and/or term GPA of 1.8 over two consecutive offering periods (not including the optional summer offering period), and/or
- he or she does not register in, fails to earn a minimum term GPA of 1.8, or drops out of any one offering period with a past due balance of any amount on their Student Finance account.

Inactive students who have not been enrolled for a full academic year or more must reapply to the University and are subject to any degree program or policy changes upon re-admission, including degree requirements and/or acceptance of non-resident credits. These returning students must complete the entire application process, including payment of the application fee.

Full Time

Students are considered full time when registered for 12 or more credits in any 12-week trimester (Fall, Winter or Spring) or 16-week semester (Fall or Spring).

Less-Than-Full Time

Students who do not meet the requirements of full time status are considered less-than-full time. For Title IV financial aid, less-than-full time is broken down as follows:

- Part-time (or three-quarter-time) students are those taking at least 9 credits but less than 12 credits in the timeframe measured
- Half-time students carry at least 6 credits in the timeframe measured
- Less-than-half time students are carrying less than 6CRs in the timeframe measured
REGISTRATION

Once an applicant is accepted to Horizon University (whether that acceptance is provisional or not), they are considered to be an active student of the school. Active students are provided access to an online Student Account at the school’s online platform called “MY HORIZON.”

STUDENT ACCOUNT MANAGEMENT (“MY HORIZON”)

MY HORIZON is the official portal for student records, enrollment information, registration, financial information, official University news and notifications, the official school calendar, and more. Students are responsible for logging into their MY HORIZON account at least weekly and for remaining current with all news and information provided via “The Feed.” Information and notices posted at “The Feed” are considered official notifications to students, whether the student has reviewed them or not. Access to MY HORIZON remains available until the student is no longer active due to graduation or due to withdrawal by student election or through academic (suspension or expulsion) and/or administrative (due to policy infractions, non-payment, etc.) action.

Students are responsible for providing requested information for their official student record (including social security number, date of birth, and more) in a timely manner, and for keeping address, phone number and email information on the Student Info tab current throughout their active enrollment.

NOTE: SOME INFORMATION COLLECTED, INCLUDING GENDER, AGE, AND RACE/ETHNICITY IS USED SOLELY FOR REQUIRED REPORTING PURPOSES AND IS NOT USED IN ANY OTHER MANNER OR FOR ANY OTHER PURPOSE.

REGISTRATION STEPS

Students must complete the admissions process and be accepted to Horizon University before they are eligible to register and enroll in courses (see Admissions). Once enrolled, students are responsible for their own registration in each offering period of the academic year.

Students cleared for enrollment will self-register for classes using MY HORIZON. Registration opens three weeks in advance of the offering period and closes at midnight (Pacific Time) the night before the first day of classes.

Students planning to take a 6-week course offered on Atheneo must contact their Academic Advisor or the Registrar to request enrollment in the class. Online registration within My Horizon for 6-week courses offered on the alternative learning platform does not automatically enroll the student in the course.

AUDIT (NOT-FOR-CREDIT)

Individuals desiring personal growth and development, who are not seeking to earn college credit, may do so as an “audit attendee.” Audit attendees may participate in discussions and complete the coursework assigned but do not submit assignments for grading and feedback or take any exams. Courses taken by audit attendees (not-for-credit) do not earn college credit nor are they eligible for credit at any time in the future for courses taken as audit; no exceptions will be made. To audit courses at Horizon University,

1. Submit the abbreviated online application titled “Course Audit Application (not for credit)” with the nominal application fee. Audit attendees must be accepted for non-credit attendance at least two weeks prior to the first day of the offering period.
2. Once accepted, register for the class by completing an Add/Drop/Withdraw form and submitting it to the Administrative Office with payment in full prior to the add/drop date in any offering period.
Audit attendees may only register in one course per offering period, and although they do not pay a registration fee, they are responsible for Tuition as well as the Online Access Fee (where applicable.) There is no tuition or fees refund for audit attendees, and financial aid is not available.

**NOTE:** Credit earning students are given Admissions and Registration priority, and audit requests are processed only after approval by the Instructor and receipt of payment in full.

## Registration Changes

Students may add or drop a course until the published Add/Drop deadline in each twelve or sixteen week offering period by submitting an Add/Drop/Withdraw Form to the Registrar in accordance with the school's Add/Drop/Withdraw Policy. After that date, submission of the Add/Drop/Withdraw form can only result in a withdrawal.

The Add/Drop deadline for each offering period is published in the academic calendar, which is published in this document, on the official school website, and at MY HORIZON.

### Add a Course

To add a course after the offering period has commenced, submit a completed and signed Add/Drop/Withdraw Form to the Registrar according to the University’s Add/Drop/Withdraw Policy.

### Drop a Course

To drop a course after the offering period has commenced, submit a completed and signed Add/Drop/Withdraw Form to the Registrar. Courses dropped in the first three days of class will be deleted from the student’s enrollment and not be reflected on the student’s transcript. Successfully dropping a course at any time between Day 4 and the Add/Drop deadline will show as “DR” on the official transcript.

**NOTE:** A course is not officially dropped until the Add/Drop/Withdraw form has been accurately filled out, signed, and submitted to the Registrar; (Note that electronic signature is not accepted.) The date of official action will be used for application of the Tuition Refund Policy.

### Withdraw from a Course

Requests to drop a class after the Add/Drop Deadline and up to the class mid-point are considered as requests for “Withdrawal.” Approved requests result in a “W” on the student’s official transcript. Add/Drop/Withdraw Forms will be accepted by the Registrar until midnight (Pacific Time) on the Sunday evening at the end of the sixth week for a 12-week class, eighth week for a 16-week class and end of the third week for a 6-week class.

**NOTE:** If no Add/Drop/Withdraw Form is received by the Registrar, the student’s transcript will reflect the grade certified by the Instructor for the work submitted.

### Submitting an Add/Drop/Withdraw Request

To add, drop or withdraw from a course, complete and sign the Add/Drop/Withdraw Form, and submit it directly to the Registrar either by email to registrar@horizonuniversity.edu, via U.S. Mail service to the campus address and attention of the Registrar, or by presenting the request in person to your Academic Advisor. The completed form must be
received with an ink signature or time stamped electronic signature and directly from the student making the request; it will not be accepted from any other student, individual or Instructor.

**NOTE:** Add/Drop/Withdraw requests initiate the process of updating enrollment. However, this action will also be subject to the tuition refund schedule (See Refund Policy) and students should consider carefully their decision.

**ATTENTION:** The Add/Drop/Withdraw Form is officially executed as of the date the accurately completed and signed form is received by the Registrar, not necessarily the date indicated on the form or on any other correspondence. Refer to the Academic Calendar for Add/Drop dates in each offering period.
STUDENT RECORDS MANAGEMENT

STUDENT RECORDS POLICY

In accordance with The Family Educational Rights and Privacy Act of 1974 (FERPA), also known as the Buckley Amendment, Horizon University provides current and prior students with access to their educational records, and ensures that only University staff members whose roles require it have access to those records. As required by FERPA, educational records will be released to third parties only with the written consent of the current/prior student.

Right of Access

With a few exceptions provided by law, students at Horizon University may see any of their educational records upon request. In general, access will be granted promptly upon request to the records custodian, and if delay is necessary, access will be granted no later than 45 days after request. Furthermore, students have the right, under established procedures, to challenge the factual accuracy of the records and to enter their viewpoints into the records. Students may waive their right of access to recommendations and evaluations in the cases of admissions, application for employment, and nomination for awards. Horizon University does not require students to sign a waiver of their right of access to their records, but students should be aware that recommendations and evaluations may lose credibility without a signed waiver.

Disclosure of Student Records

With certain exceptions provided by law, Horizon University will not release information concerning students, other than directory information, from their education records to anyone other than University officials without the written consent of the student. Students and alumni applying for jobs, credit, graduate school, etc., can expedite their applications by providing the University with written permission to release specific records and to which parties the releases should be made.

The student’s written consent is not required for the disclosure of grades, disciplinary action, or other information to parents of students who are dependents for federal income tax purposes. Unless a student has submitted credible evidence of non-dependency, parents requesting information may generally be granted access upon submission to the University of an affidavit or other evidence of federal income dependency.

The University has designated the following categories as directory information, and at the University’s discretion, this information may be released to the public without consent of the student: student’s name and maiden name, address, telephone number, date and place of birth, major field of study and courses taken, participation in officially recognized activities and sports, weight and height (of members of athletic teams), dates of attendance, degrees and awards received, all previous educational agencies or institutions attended, current class schedule, employer, church membership, photographs, and parents’ names, addresses, and telephone listings. It is the general policy of the University is not to release directory information regarding its students unless, in the judgment of the appropriate record custodian or other officials with record access, such release either serves a legitimate educational purpose or is not adverse to the interests and privacy of the student. However, the student may request that certain categories of directory information not be released to the public without his/her written consent. Such requests shall be submitted in accordance with the student records policy of the University.

This notice is not intended to fully explain students’ rights under FERPA. The Office of the Registrar maintains copies of the official Horizon University Student Records Policy, which contain detailed information and procedures with regard to these rights. Students may obtain a copy of the written policy upon request to the Office of the Registrar, Horizon University, 7700 Indian Lake Road, Indianapolis, IN 46236. Any student alleging failure of the University to comply with FERPA may file a complaint with the Family Education Rights and Privacy Act Office (FERPA), United States Department of Education, 4511 Switzer Building, 330 C St. SW, Washington, DC 20201.

Official transcripts are available to any current or former student whose financial obligation to the University has been met.

**Transcript Policy**

- Transcripts, diplomas, and/or verifications of degrees will not be released/provided until the student’s financial obligations to the University have been satisfied. No exceptions will be made.

FINANCIAL AID

Horizon University offers two types of financial aid:

1. Federally funded financial aid options that are available for qualifying degree-seeking individuals through Title IV (T4) federal aid and through VA education benefits. Students pursuing only a certificate or diploma are not eligible for federal financial student aid.
2. A limited number of scholarships for new students enrolled full time and for pastors or missionaries. Contact the Financial Aid Office for current information on availability, eligibility criteria and application process of Horizon University scholarships.

NOTE: Students receiving financial aid should be advised that any decrease in enrollment (withdrawal from or dropping classes from initial registration) may negatively impact eligibility for the current and perhaps even future offering periods/terms.

For federally funded financial aid, Horizon University maintains a policy for the refund of the unused portion of tuition, fees, and any other charges in the event the veteran/student fails to engage or withdraws from a course, or is discontinued at any time prior to the completion of a course. The amount charged to the veteran/student for tuition, fees, and other charges does not exceed the approximate pro-rata portion of the total charges for tuition, fees, and other charges, that the length of the completed portion of the course should bear in relation to its total duration.

TITLE IV FEDERAL AID

Degree seeking students may apply for Title IV (T4) federal aid grants, loans, or for both. Award potential is based on full time enrollment status, while funding (if any) reflects actual enrollment in each period, and reduced enrollment for the period will likely reduce the disbursement. For those who qualify, there are two types of Title IV federal aid available through Horizon University – PELL Grants and Federal Student Loans.

PELL Grants

Grant awards are funds that do not have to be repaid under normal circumstances. Additional information is available at https://studentaid.ed.gov/types/grants-scholarships/pell

Federal Student Loans

Applicants may qualify for federal aid loans with or without subsidized interest rates. Loans must be paid back with interest once the student graduates, leaves school, or falls below half time enrollment (6 credits.) Learn more about the difference between subsidized and unsubsidized loans at https://studentaid.ed.gov/types/loans/subsidized-unsubsidized#subsidized-vs-unsubsidized

TITLE IV (T4) PROCESS

Applying for Title IV Financial Aid

Students must complete the 2-step application process each academic year. Both parts of the application are completely free to students using the direct federal website and the Horizon University virtual financial aid office website identified in the instructions that follow.
- Step 1: Complete the Free Application for Federal Student Aid (FAFSA) available at no cost to the student (https://fafsa.ed.gov/)
- Step 2: Complete a Student Interview (online form) by logging into the Virtual Financial Aid Office (VFAO), at https://horizonuniversity.vfao.com/default.aspx and clicking on the "Student Interview Center" link that leads to the online form (called an "interview.")

**NOTE:** STUDENTS COMPLETING STEP 2 FOR THE FIRST TIME WILL NEED TO CREATE A LOGIN AND PASSWORD AT THE VFAO WEBSITE BEFORE THEY CAN COMPLETE THE STUDENT INTERVIEW FORM.

## Awards and Disbursements

Title IV grant and loan awards are determined based on data the student provides on the government FAFSA and the VFAO Student Interview. Horizon University does not determine or influence eligibility requirements or outcomes.

For the purpose of Title IV financial aid consideration, enrollment status is as follows:

- **Full time (FT)** – 12 credits or more in any aid-based term
- **Part time or three-quarter time (PT)** – 9 credits in any aid-based term
- **Half time (HT)** – 6 credits in any aid-based term
- **Less than half time (LTHT)** – Less than 6 credits in any aid-based term

In order to qualify for loans, enrollment must be a minimum of half time (HT). When a student falls below half time status – whether by reduced enrollment, withdrawal, disciplinary action, or graduation – previous student loans become due for repayment.

Title IV aid is disbursed three times a year (September, December and March) for online students and twice a year (September and January) for on-campus Associate degree-seeking students. Students planning to take classes during the optional summer 6 week term should carefully and prayerfully plan their enrollment and finances accordingly. If the student did not receive the full amount of aid available within the academic year, he/she may request an additional financial aid disbursement to cover cost of attendance for summer classes from the remaining available award.

**NOTE:** TO CONTINUE RECEIVING FINANCIAL AID, STUDENTS MUST MAINTAIN SATISFACTORY ACADEMIC PROGRESS (SAP) WITH A MINIMUM CUMULATIVE GPA OF 2.0 AND COMPLETION OF 67% OF ALL CREDITS ATTEMPTED (OR 50% IF ENROLLED HALF TIME) WITHIN EACH TERM OF ATTENDANCE.

Students failing to meet the SAP standard within a given offering period will be placed on “Warning” status. Students on “Academic Probation” due to failure of meeting the SAP standard for two consecutive offering periods will result in suspension of financial aid. Reinstatement of financial aid is possible after at least one successful offering period.

## Application of Funds

Disbursement of Title IV funds are scheduled for enrollment verification within five business days after the Add/Drop deadline and with funds to be received by Horizon University within 7 business days of that date. Funds received on behalf of students are applied to outstanding invoices within 7 business days of receipt. Funds are applied to tuition and fees as follows:

- **Grants** – Applied to tuition and fees for the offering period the funds are disbursed toward.
- **Loans** – Applied first to tuition and fees for any and all outstanding balances on the student account, including any prior school year or offering period or any other balance due on the student’s account.
NOTE: Students are solely responsible for costs not covered by financial aid.

Overages
Overages are federal aid funds remaining after the student account has been paid in full. When an overage exists on a student account, a check is issued to the student for the remaining amount. These “overage checks” are mailed to the address on file at their MY HORIZON student account within seven business days after application of the funds to outstanding balances.

NOTE: All overage checks are delivered to the student address of record via U.S. Mail service; there is no option available to pick up the check at Horizon University.

Repayment of Title IV Direct Loans
When a student falls below half time status – whether by reduced enrollment, withdrawal, leave of absence, unsatisfactory progress, disciplinary action, or graduation – previous student loans become due for repayment unless enrollment status resumes to half time or greater within 180 days. Federal Student Aid direct loan recipients who drop below half time will be required to complete an exit counseling session on the Federal Student Aid StudentLoans.gov website to prepare them for repayment of their loans.

Return of Title IV Financial Aid
If a student receiving Title IV financial aid funds ceases to be enrolled (100% voluntarily or administratively withdrawn from all classes) prior to the end of the offering period, the student may incur a requirement for return of Title IV funds. The Financial Aid Office uses a Treatment of Title IV Funds worksheet provided by the Department of Education to calculate the amount of unearned Title IV aid based on the amount of financial aid disbursed and the date of withdrawal. The student will be notified if there are any financial implications for return of the funds disbursed.

VA Education Benefits
VA education benefits are managed and awarded through the Department of Veterans Affairs and vary based on many factors associated with the veteran’s length of service and much more. Horizon University administration works in partnership with Veterans Affairs (VA) and the student only for the administration of VA education benefits. No representative of Horizon University is authorized to advise a veteran student about the value or application of their education benefits. Veteran students must refer to the Benefits Administration in Muskogee, Oklahoma for information and advising about their benefits. The VA is always the ultimate authority and final decision maker regarding VA benefits awarded to each student.

Requesting a Certificate of Eligibility for VA Education Benefits
In accordance with Title 38 USC §3679(e) School Compliance, any student entitled to educational assistance under Chapter 31, Vocational Rehabilitation and Employment, or Chapter 33, Post-9/11 GI Bill benefits (a.k.a. “covered individual”) are to provide to the Horizon University Financial Aid Office a valid certificate of eligibility for entitlement to educational assistance no later than the first day of a course. A “certificate of eligibility” can also include a “Statement of Benefits” obtained from the Department of Veterans Affairs’ website e-Benefits, or a VAF 28-1905 form for Chapter 31 authorization purposes.

- Covered individuals are able to attend or participate in their declared course of instruction during the period beginning on the date the individual provides Horizon University a certificate of eligibility for entitlement to educational assistance under Chapter 31 or 33, and ending on the earlier of the following dates:
1. The date on which payment from VA is made to Horizon University.
2. 90 days after the date the institution certified tuition and fees following the receipt of the certificate of eligibility.

- Horizon University will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds, on any covered individual because of the individual’s inability to meet his or her financial obligations to the institution due to the delayed disbursement funding from VA under Chapter 31 or 33.

**Application of VA Educational Benefit Funds**

VA education benefits received by Horizon University on the veteran student’s behalf cover tuition and fees only for the terms the student is enrolled and attending classes. These benefits are disbursed by the VA as a percentage of the total education benefit that the veteran is entitled to according to their individual certification by the VA. If a student's enrollment in a class has been certified with the VA and the student fails to attend class or withdraws from the class, the change in enrollment status will be reported to the VA. If the student has attended class and withdraws after the start of the term, the return of funds (debt) shall be assessed by the VA to the student. Otherwise the institution is responsible for the return of funds to the VA. Although a veteran student may be eligible for all tuition and fees, not all education programs will result in the veteran receiving 100% of those benefits to which they are entitled. Veteran students are strongly advised to discuss their specific situation and gain both clarity and confirmation from the VA prior to enrollment.

**NOTE:** No representative of the University is authorized to advise veterans about their eligibility for benefits nor to discuss VA housing benefits at any time for any purpose.

VA education benefits for housing may be awarded on a prorated basis and apply only for those dates inclusive of the start and end date of course instruction. Any inquiry relating to housing benefits should be discussed and confirmed directly with the VA as no representative of Horizon University is authorized to discuss VA housing benefits with specificity or in general terms under any circumstances.

**Employer-based Tuition Reimbursement Plans**

Many corporations have programs that are designed to assist employees as they complete or further their education. Students are encouraged to ask their employer about tuition assistance and/or reimbursement prior to enrollment. It is most common that employer programs offer tuition reimbursement, meaning that the student must satisfy the debt to the school and then seek to be reimbursed by their employer. In all cases, the student is responsible for on-time payment regardless of whether they are seeking reimbursement from their employer or not.

Upon request, the University will provide to the student documentation regarding the enrollment, grades, charges and payment. However, students are expected to obtain the documentation directly through My Horizon, when available.
ACADEMIC ADMINISTRATION

DEGREE PROGRESS REPORT (DPR)

The Degree Progress Report (DPR) tracks each student’s unofficial academic progress specific to their degree of study. The DPR tracks progress in general education requirements, electives, degree major requirements and ministry practicum. It also tracks non-resident credits accepted towards degree completion and provides a one-year registration roadmap to guide the student through the current academic year. (See also “Degree Progress Report” under Admissions.)

NOTE: DEVIATION FROM THE ROADMAP WILL RESULT IN COMPLETION DELAYS AND MAY RESULT IN SIGNIFICANT DELAYS BASED ON FUTURE COURSE OFFERING DATES/AVAILABILITY.

SATISFACTORY ACADEMIC PROGRESS (SAP)

A minimum cumulative GPA of 2.0 is required to continue progress toward graduation. If a student falls below 2.0 cumulative GPA or 1.8 GPA for courses taken during an offering period, the student is subject to academic disciplinary action.

In order for a course to be applied toward graduation requirements, a minimum of “C-” is required.

NOTE: ALTHOUGH CREDIT MAY ACCUMULATE EVEN WHERE A MINIMUM GRADE IS NOT ACHIEVED, THOSE CREDITS CANNOT BE USED TO SATISFY ANY GRADUATION REQUIREMENT (INCLUDING ELECTIVES.)

Financial Aid SAP

Students requesting financial aid must meet the following minimum academic standards for satisfactory academic progress. Status is reviewed after each term of scheduled financial aid disbursement (Fall, Winter, Spring).

- **Cumulative GPA**: Students must maintain a GPA of 2.0.
- **Completion Rate**: Students must complete 67% of all credits attempted within each term (or 50% if enrolled half time).
- **Maximum Timeframe**: Students must complete their degree before exceeding 150% attempted semester credits.

Failure to meet the 2.0 cumulative GPA or 1.8 term GPA standard for two consecutive offering periods (excluding optional summer term) will result in suspension of financial aid. Reinstatement of financial aid is possible after at least one successful offering period.

Academic Disciplinary Action

A student failing to earn a minimum GPA of 1.8 for the courses taken in any offering period will be given an Academic Warning. A student failing to earn the minimum GPA for courses taken in two consecutive offering periods will be placed on Academic Probation and may be required to attend regular meetings with Instructors and/or an Academic Advisor. Failure to earn the required minimum GPA in a third consecutive offering period (the span over summer notwithstanding) will be under Academic Suspension and will not be eligible to register in the next offering period. Students may appeal an Academic Suspension in writing to the Academic Dean who will review the appeal with the appropriate faculty committee. The decision of the Academic Dean is final.
NOTE: A student under Academic Suspension is required to sit out a minimum of one 12-week offering period, but may be considered for re-enrollment after that time. Failure to meet the requirements of Satisfactory Academic Progress in the return period will result in Expulsion, which is not eligible for appeal.

**Attendance Requirements**

Students are expected to maintain regular attendance throughout each course.

Face-to-face on-campus classes are designed for in-class instruction and discussion. Repeated tardiness or partial attendance in any face-to-face on-campus class session may result in reduced participation or in-class activity grades.

Students who miss one or more on-campus class session or weekly online class lesson are still responsible for assignments and any exams that occurred during their absence. It may or may not be possible to make up these assignments, at the discretion of the Instructor; consult the individual syllabi for class requirements.

Students who miss three or more classes in on-campus courses or three or more consecutive weekly discussion threads in online courses may be administratively dropped from the course unless prior arrangements for extenuating circumstances have been made with the Instructor.

**Leave of Absence Policy**

Students may request a Leave of Absence (LOA) from Horizon University as a result of personal situations that prevent the student from temporarily moving forward in their academic degree pursuit. One or more LOAs may be requested within a 12-month period, not to exceed a total of 180 days.

A Leave of Absence may be approved given a reasonable expectation that the student will resume their course of study within the expiration of the student’s LOA timeframe. Upon returning from the LOA, students must resume their coursework as outlined in their Degree Progress Report.

**Requesting a Leave of Absence**

To request a Leave of Absence,

1. Student contacts the Dean of Administration or Advisor to discuss the situation and determine options for continued studies or Leave of Absence.

2. Student submits a written notification (by letter or email), with signature and date, requesting a LOA in course studies. Include in the written request:
   a. The reason for the Leave of Absence, and
   b. The time and duration of the LOA (i.e. offering term or start and end date) indicating when the student intends to resume their degree coursework.

**Financial Aid Cancellation Due to Leave of Absence**

Financial Aid disbursements scheduled after the student’s start of LOA may be cancelled. If scheduled disbursements are cancelled and the student resumes studies within the same academic year as the LOA, the student may be required to complete a new VFAO Interview to be scheduled for the remaining terms which the student is enrolled in classes.

Students that receive Title IV loans and are granted a LOA must resume course studies within approved LOA grace timeframe. Failure to re-enroll in classes toward degree completion by the LOA expiration will result in Administrative Withdrawal from the University, effective the date of the start date of the LOA.
Approving Leave of Absence Requests

Prior to submitting a Request for Leave of Absence for courses “in progress”, the student should work with their instructor(s) to determine if course work can be completed during the current term without taking a LOA. Consideration should be taken to determine if the interruption may extend beyond two to three course weeks within a 12-week term.

Situations temporarily interrupting student’s course progress that may be approved for a LOA include:

- Scheduled medical/sick leaves
- Maternity leave
- Short-term mission assignments
- Bereavement
- Major change in employment
- Extenuating circumstances – unplanned situations out of the norm – that could not be planned for in advance such as illness, personal or family emergency, etc.

**COURSE CREDIT**
The University follows the Federal credit hour definition (as published in the [Electronic Code of Federal Regulations Title 34: Education, §600.2 Definitions](http://www.ecfr.gov/cgi-bin/text-idx?rgn=div8&node=34:3.1.3.1.1.1.23.2)):

**Definition of a Credit Hour**
(Source: [http://www.ecfr.gov/cgi-bin/text-idx?rgn=div8&node=34:3.1.3.1.1.1.23.2](http://www.ecfr.gov/cgi-bin/text-idx?rgn=div8&node=34:3.1.3.1.1.1.23.2))

An amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalency that reasonably approximate not less than:

1. One hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work each week for approximately fifteen weeks for one semester or trimester hour of credit, or the equivalent amount of work over a different amount of time; or
   - At least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution, including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.

Regardless of the delivery modality, courses will be consistent in terms of purpose, scope, quality, assessment, and equivalent learning outcomes, according to the definition above as determined by the curriculum review process.
Students enrolled in classes delivered by an alternative means shall not be denied access to advisement, grievances, or other key academic rights and services, nor shall they be excused from the academic responsibilities expected by all students.

**INDEPENDENT STUDY**

Independent Study may be granted to students in three cases for the sake of students' need and help.

1. A senior who needs to finish a required course in order to graduate in the Spring but finds that it is not offered as a regular part of the curriculum during the academic year of graduation may petition for an Independent Study for that required course. In this case, a senior student cannot take more than two Independent Studies altogether.

2. Any student who wants to accelerate his/her program completion may take certain courses as Independent Study only if those courses are not to be offered within the next three semesters. In this case, the student must take at least 12 regular semester units except the Independent Study which he/she wants to take, and he/she can take only one Independent Study per semester.

3. A junior or a senior student may take Independent Study for in-depth or specific study on a field for which a regular course is not offered by Horizon University. In this case, the Independent Study has to be closely related to his/her major.

In all of these cases, a course which is offered in the semester cannot be taken as Independent Study, and a student cannot take more than one Independent Study per semester. Contact your Advisor to discuss process and requirements for Independent Study.

**NOTE:** Students will be charged full tuition for Independent Study courses. Independent study courses are in-eligible for Financial Aid funds and must be covered directly by the student.

**NON-RESIDENT CREDIT**

Resident credit is course credit earned through enrollment in a Horizon University class, either on campus or online. Non-resident credit includes transfer credit from another undergraduate degree-granting academic institution, credit by examination (College Board CLEP or Advanced Placements, International Baccalaureate, or military DSST), or credit for life experience portfolio review. All approved transfer credits are entered into the student’s Horizon University official transcript of record and all official student records received for transfer credit and prior learning are stored in the student’s hardcopy and digital files. Students may have a maximum of 90 qualifying non-resident credits applied to a Bachelor degree, 30 credits toward an Associate degree and 6 credits toward a Certificate program.

**Transfer Credit**

Relevant courses with an earned grade of “C” (2.0) or better that align with degree requirements may be transferable for full credit if a transferring institution is accredited by an agency approved by either the U.S. Department of Education (USDOE) or the Council for Higher Education Accreditation (CHEA), is an ABHE Affiliate institution, or where Horizon University has an existing agreement to accept credit (as with Calvary Chapel Bible Colleges.) If the credit under review was earned at an institution that is not accredited, but is state-approved, or from JST military service transcripts reviewed by the American Council on Education (ACE), then the transfer of credits are subject to the approval of the Academic Dean or administrative leadership.

Students who hope to transfer credits into Horizon University should have their official transcripts sent to the Registrar at the beginning of their program of study, prior to enrollment and the Admissions Interview.
NOTE: Credits earned more than ten years prior to enrollment at Horizon University are subject to review and may be applied towards Electives or General Education Electives requirements.

Advanced Placement (AP) and International Baccalaureate (IB) Credit

Students successfully completing AP or IB courses while in High School may receive credit toward equivalent courses in their declared degree. The student must submit their official AP or IB test transcript to Horizon University Admissions for review to receive transfer credit. The student must have taken and successfully passed the AP or IB exam and received a score equivalent to or higher than the transfer requirements below.

Credit by Examination

Horizon University accepts test results from ABHE Bible knowledge exams, CLEP (https://clep.collegeboard.org/) and DSST (DANTES Subject Standardized Tests used in the military which are equivalent to CLEP exams). CLEP, or College-Level Examination Program®, offers approximately 33 examinations in various academic areas for which students must earn a minimum score to receive credit. CLEP examinations test comprehensive college level knowledge. For subjects where a CLEP exam is available, the exam will be required in lieu of resident credit.

- Students must notify the Registrar in advance of taking a CLEP exam.
- Students who successfully pass a CLEP exam must provide the appropriate documentation to the Registrar prior to Day 1 of the next offering period following receipt of the exam score.
- If credit is accepted by Horizon University, the student will be charged a fee to transcript the non-resident credit.

Horizon University also accepts ABHE Bible knowledge test results for credit toward Old Testament Survey and New Testament Survey courses. The student must pass the exam subject category upon admission to Horizon University with a score of 80% or higher. Students may retake the exam only once during their next term of enrollment, and the student is responsible for paying for any retakes.

NOTE: Credit by Examination is subject to a fee to transcript the credit to the student record.

Credit for Life Experience (CLE)

Relevant life experience, including ministry, may be eligible for credit where the experience reflects the learning outcomes associated with a particular course. Credit for Life Experience (CLE) is subject to the review and approval of the Academic Dean or administrative leadership, and once made the decision is final. Life experience credit is subject to non-resident credit fees, upon acceptance.

Students considering seeking Credit for Life Experience must submit the following:
1. A written appeal to Administration with the list of Horizon University courses that the student will be requesting CLE credit review.

2. For each course the student is seeking credit through life experience, the student will be required to submit a formal, college level portfolio describing specific work activities and life experiences and to document how those experiences satisfy the learning outcomes of the course. Material for this portfolio must come from a number of different sources, including workshops, seminars, self-study, non-credit classes training courses, and/or work experiences, and the documentation must go beyond the student’s own assessment; it is the learning outcomes (and not merely the personal experience) that will be evaluated for credit.

The student may request/appeal to Horizon University Administration a maximum of 8 courses (24 credits) for CLE credit. Upon submission of a portfolio:
- The student will be charged the CLE fee (see also “Fees” under Costs.) This fee covers the cost of the review committee’s activity and administrative processing of the portfolio submission and is not dependent on whether or not credit is awarded.
- A review committee made up of faculty and administration will evaluate the written portfolio against the learning outcomes for the course under consideration and submit a recommendation to the Academic Dean or other administrative leadership.
- The Academic Dean or other administrative leadership will make a determination of what credit might be warranted, and this decision once made, is final.

NOTE: CLE FEES ARE $250 PER COURSE AND ARE NOT COVERED BY FINANCIAL AID.

Credit Escrow Policy
Horizon University considers an institution unaccredited if an accrediting body recognized by CHEA or its successor agency does not recognize it as such. Credits earned from unaccredited institutes, colleges, universities, and/or other higher education institutions may be conditionally accepted by Admissions and kept in escrow until the student successfully establishes a minimum 2.0 GPA during the first two offering periods (24 weeks) of enrollment.

Conditional acceptance is determined by Admissions only after a careful review of the transcripts and other documents (such as catalogs and syllabi from the unaccredited institution) that indicates relevance and alignment of learning outcomes, and all conditional credit is kept in escrow during the first full semester of enrollment. Credit in escrow is formally accepted only if/when the requirements for satisfactory academic progress of the first full semester are met and verified by the Registrar.
GRADING

A grade of 1.80 ("C-") or better is necessary for a course to be credited toward degree requirements. Required courses must be repeated until a "C-" or better is achieved. Repeated courses are subject to all tuition and fees normally associated with the course.

GRADING SCALE

Horizon University uses 4-point grading. The Instructor assigns a grade based on course requirements, course work submitted, test scores, class participation credit, attendance and any other element identified in the syllabus published by the Instructor. All course requirements are published to students in the course syllabus posted by the Instructor.

REQUEST FOR INCOMPLETE POLICY

Completion of Work: All assignments will be graded and weighted in accordance with the rubric in the syllabus. Assignments not submitted will receive a zero. Late assignments will be subject to a reduction in grade. Extended due dates on individual assignments will be granted only in cases of hardship such as hospitalization or emergency absence from class. Unless such a situation arises immediately before a deadline, arrangements cannot be made after the fact without receiving a reduction in your grade.
**Incomplete**: If the student is unable to complete the course as scheduled, a Request for Incomplete form must be submitted prior to the last day of the offering period. Requests for an Incomplete may be granted for extenuating circumstances – unplanned situations out of the norm – that they could not plan for in advance such as illness, family emergency, death in family, etc. Note that planned trips, weddings and such can be planned in advance and coursework completed without a need for an extension.

- Form must be submitted by the Student to the Registrar by the last day of class completed and signed by both student and instructor.
- Submitting the form is a “request” and MUST be initiated by the student, not the instructor. No guarantees an “INC” extension will be granted by the instructor.

**Request for Incomplete Process**

To submit a Request for Incomplete, the following steps must be taken:

1. Student completes and signs Part I of the form and submits the form to the Instructor by the last class session. Students are ineligible to request an Incomplete for a class after the last class session.

2. Instructor reviews the request and determines the appropriate timeframe and required work to be completed, completes Part 2 of the form and returns the completed form to the student and the Registrar. Extensions granted for students to complete the required coursework may be up to 2-weeks for 12 to 16 week classes and up to 1-week for 6-week classes, although the actual time granted will be determined by the Instructor and the Academic Dean. The maximum extension allowable that may be granted with Administrative approval is 4-weeks for 12 to 16 week classes and 2-weeks for 6-week classes.

3. The Student must submit the completed Request for Incomplete Form to the Registrar by the last day of the offering period.

4. Once the work is complete, the instructor updates and finalizes the student’s grade in MY HORIZON and notifies the Registrar to clear the Incomplete.

If the course work is not completed within the allotted time period the student will receive the grade earned as a result of not completing the course work.

**NOTE**: **The Instructor has the right not to sign off on students’ Request for Incomplete if the situation does not warrant one. There is no appeal process if the Instructor does not sign/approve the Request for Incomplete.**

**GRADE APPEAL POLICY**

If a student disagrees with the final grade submitted by the Instructor, an appeal may be submitted if the student believes that:

- a calculation error exists,
- the Instructor failed to notify students of the criteria for grade determination in a clear and timely manner,
- the grade is based on reasons other than the announced criteria and standards,
- the grade is based on factors other than student achievement, or
- the standards for evaluation of academic performance have been applied inconsistently or inequitably
Grade Appeal Process
A grade appeal must be set in motion within 4 calendar weeks of the final grade posting. To submit a grade appeal the following steps must be taken:

1. Student must first complete and sign Part I of the Grade Appeal Form and submit it to the Instructor and Administrative Offices. A clearly stated rationale for grade appeal must be included on the form or an additional page may be attached if more room is needed.
2. The Instructor schedules a grade appeal meeting with the student and notifies the Administrative Office of the scheduled meeting date.
3. Student and Instructor meet to discuss the situation based on the completed Grade Appeal Form.
4. Following the meeting, Instructor completes Part II of the Grade Appeal Form and submits the form to the Administrative Office within 7 days of the meeting.
5. If the situation is not resolved to the student’s satisfaction, the student may escalate the appeal.
6. The escalated appeal will be heard by the Academic Dean or other administrative leadership, and the decision made is final.

ADMINISTRATIVE INCOMPLETE
The administration of Horizon University may on occasion grant an Administrative Incomplete to students enrolled in a course when the instructional delivery does not meet expected standards for Horizon University. In such a case, a student who receives an “F” will instead receive a grade of Administrative Incomplete (“AI”). This grade will be replaced with an earned grade upon 1) satisfactory completion of the work for the course under the guidance of an administration-appointed tutor, or 2) completion of the course during the summer offering period (tuition free). The student will have a maximum of one year from the day the Administrative Incomplete is granted, as determined by the Academic Dean, to accomplish either of the above options. If the student does not accomplish either of the above, the AI will revert to the original grade of “F”.

RETURN OF COURSE WORK
Upon request, any papers or tests that are not returned to the student prior to the end of the offering period will be mailed by the Instructor to the student at their address of record at MY HORIZON. Requests must be made to the Instructor in writing within one calendar week of the last day of the offering period. Course work will not be stored.
SPIRITUAL DEVELOPMENT

SPIRITUAL GROWTH
As a Christian school with a biblically integrated curriculum, the spiritual development of students is a high priority. Horizon University believes that the following components contribute to spiritual growth:

- **Church Attendance** – The local church is where Christians participate in the building up of one another in love (Eph. 4:16), and being connected with the body of Christ through a local church is a key to spiritual growth. Students are expected to attend church regularly, whether at Horizon Christian Fellowship or another Christian church.
- **Service** – While attending Horizon University, students are encouraged to participate in on-going ministry at their church. It is through this service to the body of Christ that students will recognize and/or refine their spiritual gifts and calling. All graduates of Horizon University are required to successfully complete Student Ministry Experience as outlined for their respective program.
- **Learning** – There are several courses in each degree program specifically designed to facilitate spiritual development in students, including *Biblical Living: Engaging Faith and Life* and *Spiritual Formation*.
- **Devotion** – All classes begin each week with brief devotions. (Online courses use a discussion thread to accomplish this purpose.) Both on-campus and online students are assigned a devotion by the Instructor and all students are expected to participate in sharing insights from the Bible and experiences with the Lord for the purpose of spiritual growth and mutual edification.

STUDENT MINISTRY EXPERIENCE

**Philosophy:** In order to be fully equipped for ministry, the educational experience must translate to action that reaches beyond the classroom. Competency in understanding and relating to people, reliance on others beyond one’s own ability, the development of passion that engenders motivation and results in action all require practical application. This is demonstrated in the service of Jesus’ own disciples, and it is essential that Horizon University students find their strengths, weaknesses, talents and gifts.

For this reason, each degree candidate will participate in a ministry formation program consisting of ministry service hours during their course of studies and a culminating Student Ministry Practicum in the final 12-week offering period of their studies. The ministry service hours are completed during each grade level of enrollment (freshman, sophomore, junior) prior to their final academic year in preparation for their Student Ministry practicum. The practicum is scheduled after the Registrar receives an Intent to Graduate Form from the candidate for graduation, or before if approved by the Academic Dean. (See also “Graduation Requirements” under Academic Administration.) Failure to submit the Intent to Graduate Form may delay completion of this requirement.

**CHAPLAIN/BIBLICAL COUNSELING SERVICES**
Horizon University offers Chaplain Services for those who feel they may need them. In addition to providing spiritual encouragement through posting of regular devotions on the My Horizon Activity Feed, the Chaplain makes himself available for those who would like personal, one-on-one biblical counseling for any reason. If you are interested in speaking to the Chaplain, please contact the main office of Horizon University at (317) 823-2349 and ask to be directed to the University Chaplain.

Students pursuing one or more Certificate(s) in conjunction with a Bachelor degree may take the Certificate-specific courses (those not required within a designated major) as electives toward their degree.

- Certificate in Biblical Studies (CBS)
- Certificate in Chaplaincy (CCH)
- Certificate in Biblical Counseling (CBC)
- Certificate in TESOL (CTE)
- Diploma in Biblical Studies (DBS) – onsite

CREDENTIALS

Certificate in Biblical Studies (CBS) – 24-30 credits

The Certificate in Biblical Studies is designed for students seeking devoted study of the Bible and an increased walk in their faith and calling. Courses for the Certificate in Biblical Studies can be taken either online, on-campus, or a combination of both. Students enrolled in the two-year on-campus Diploma in Biblical Studies program that opt to only attend for two of the four semesters would be considered candidates for a one-year Certificate in Biblical Studies. The non-degree certificate program offers a transformational experience that provides a solid biblical foundation that can be applied later toward a biblical degree if desired. Students are able to enter into Horizon University and specialize in biblical studies without the requirement of the general studies courses required for an associate or bachelor’s degree.

PROGRAM OBJECTIVES

1. Increase general biblical knowledge with an in-depth understanding of key books of the Bible.
2. Develop and apply attitudes, values and beliefs which are consistent with transformed Christian character.
3. Integrate a specialized biblical foundation with practical experience that prepares the student to serve the body of Christ.

In a society where approximately ten percent of the population has taken some type of antidepressant, people need to be educated that there are better, and safer alternatives. (Prerequisite: BC340 Biblical Counseling Observation and BC341 IABC Exam Prep)

BIBLE COURSES

BL100 - Biblical Living: Engaging Faith and Life
This class seeks to lay a solid biblical foundation for the believer’s victorious walk in Christ. We will study the dual aspects of the Cross of Christ and the implications of its message in the life of the believer. God’s Ultimate Purpose for Man and the Blood of Christ will lay a firm foundation for the “other-half” of the Gospel – the truth that the Cross of Christ sets the believer free from the power of sin and makes possible a victorious Christian life.

This course is a study of the Bible verse-by-verse from Matthew through Acts by listening to the expository messages of Pastor Chuck Smith of Calvary Chapel Costa Mesa, CA, senior pastor of the Calvary Chapel Movement, answering the study questions in the course guide, and writing down personal notes from the teachings. This course is designed to give you a broad and deep understanding of God’s Word, which will strengthen your relationship with God and help you understand His will for your life.

BL109 – New Testament Survey II
This course is a study of the Bible verse-by-verse from Romans through Revelation by listening to the expository messages of Pastor Chuck Smith of Calvary Chapel Costa Mesa, CA, senior pastor of the Calvary Chapel Movement, answering the study questions in the course guide, and writing down personal notes from the teachings. This course is designed to give you a broad and deep understanding of God’s Word, which will strengthen your relationship with God and help you understand His will for your life.

BL110 – New Testament Survey
This course is a comprehensive introduction to the New Testament, including events in the life of Christ, the development of the early church, the work of the followers of Christ, and the influence on organizations and people in the first century and beyond. It focuses on the major theological ideas, literary structures, and authors’ intent of each individual book. It also introduces the historical, social, and cultural background as the basis for better understanding of the Scripture. This knowledge and understanding is extended into applications in the life and personal devotions of the learner.
BL112 – Book of Acts
This course will be an overview of Luke’s Acts of the Apostles, with special emphasis on the identity, mission and message of the early church and their relevance for the church today. We will highlight the work of both Peter and Paul and examine principles underlying their ministries. We will also seek to understand the pluralistic religious and ethnic contexts in which the early church was born, grew, and multiplied.

BL131 – Life of Christ
This course is a chronological and theological study of the Gospels’ accounts of Christ’s birth, life, death, resurrection, and ascension. In addition, this course examines the four canonical Gospels to see what each of these four portraits of Jesus tells us. Students will explore the literary and theological relationships between the Gospels, and the major themes each one presents. Students will describe how the teachings of Jesus can be used in our very different circumstances today.

BL135 – Life of David
King David is well known for being called “a man after God’s own heart” and for being chosen by God to be king. This class will examine the life of David using primarily 1 & 2 Samuel and some of the Psalms in order to learn about that heart and to see the qualities formed in him that made him a great leader and king. Also, borrowing from Allan Redpath’s book, The Making Of A Man Of God: Studies in the life of David, we want to see David’s successes and failures and see how God shaped his character and deepened David’s relationship with Himself.

BL148 – Old Testament Survey I
This course is a study of the Bible verse-by-verse from Genesis through Job by listening to the expository messages of Pastor Chuck Smith of Calvary Chapel Costa Mesa, CA, senior pastor of the Calvary Chapel Movement, answering the study questions in the course guide, and writing down personal notes from the teachings. This course is designed to give you a broad and deep understanding of God’s Word, which will strengthen your relationship with God and help you understand His will for your life.

BL149 – Old Testament Survey II
This course is a study of the Bible verse-by-verse from Psalms through Malachi by listening to the expository messages of Pastor Chuck Smith of Calvary Chapel Costa Mesa, CA, senior pastor of the Calvary Chapel Movement, answering the study questions in the course guide, and writing down personal notes from the teachings. This course is designed to give you a broad and deep understanding of God’s Word, which will strengthen your relationship with God and help you understand His will for your life.

BL150 – Old Testament Survey
This course is an overview of the Old Testament with an emphasis on the literary themes in canonical context. It seeks to develop an understanding of the theological and literary purpose of the Old Testament and its message. An exploration of topics includes creation, the forming and history of the nation Israel, Old Testament covenants, and the rises and falls of monarchy, captivity and return. Class discussions will consider Old Testament themes in light of New Testament theology and contemporary Christian living.

BL190 – Biblical Interpretation- Hermeneutics
This class will cover the basics of Biblical Interpretation: Hermeneutics. The student will learn how to study the Bible more effectively. This will result in a life-giving, life impacting, and life-changing encounter with the one and true and living God. We will learn to carefully observe, correlate, interpret, and apply the word of God. The results of this class provide the student with the ability to rightly divide the word of God.
**BL203 – Dynamics of Biblical Change**  
This course examines the topic of how people change biblically. It builds upon the elements of victorious living from the Biblical Living class and applies them in the counseling room. Additionally, it focuses on our identity in Christ and what it means to be a Christian. The role the Holy Spirit plays in bringing about change will also be a key component of study. Through all of this, the Scriptures will be seen as our roadmap to change. *(Prerequisite: BL100 Biblical Living)*

**BL261 – Numbers**  
This course is a study revealing God's instruction and preparation for the Hebrews to enter the Promised Land of Canaan. This book is referred to many times in the New Testament. The Holy Spirit called special attention to the book of Numbers in I Corinthians 10:1-12. The words "all these things happened to them as examples, and they were written for our admonition" is significant. God protected, preserved, and provided for these people until they possessed the land of Canaan. We will apply this to our lives and see how God also protects, preserves, and provides for His children today. But more importantly, we will use this book to learn how a Christian should live and receive the Lord’s admonition for the areas in our lives that are displeasing to the Lord.

**BL302 – Pastoral Epistles**  
This is a three (3) credit course covering the Pastoral Epistles – 1 and 2 Timothy, and Titus. This class will engage several topics ranging from qualifications for church leaders, women in ministry, church government, the reliability and authority of Scripture, family and professional relationships, and the importance of teaching sound doctrine. The primary goal of this course is for the student to familiarize his or herself with the biblical truths surrounding church leadership and ministry, while delving into the controversial topics that accompany this subject.

**BL308 – Book of James**  
This course takes students though the book of James in a variety of ways. First, we will see how the Pre-Observations of our study pervade every chapter of this book. The writer exhorts them to “go on to perfection” (6:1) His appeal is based on the superiority of Christ over the Judaic system. Christ is better than the angels, Moses, the Aaronic priesthood, and the Law. He shows how there is more to be gained with Christ. We will see how we are to “consider Him who endured” (12:3). We will seek to apply the truths in the book of Hebrews that pressing on in Christ produces faith, self-discipline, and visible love seen in good works.

While recognizing the many figurative and symbolic elements or “signs,” we will examine the entire book mainly taking it at “face value” or in a “straightforward” reading. We will study the book expecting to receive the blessing contained within its pages: “Blessed is he who reads and those who hear the words of this prophecy, and keep those things which are written in it; for the time is near.” (Rev. 1:3)

The course will cover the life of Muhammad, early Islamic history, the beliefs and practices of Muslims, the Qur’an and an evaluation thereof, Islamic theology, sects and movements within Islam, and other topics related to Islam. The course will also introduce Christian evangelism to Muslims. This course will assist students in becoming Disciples of Christ with a global focus, and in gaining an understanding and appreciation of Muslims in order to become more effective ambassadors of Christ.

TH265 – Roman Catholicism for Evangelicals
This course introduces the beliefs and practices of the Roman Catholic Church, approaching the subject from an evangelical standpoint. The student will become conversant with Roman Catholic literature including the Catechism and some documents from the Second Vatican Council (Vatican II). The course will not engage in harshly negative assessments of Catholicism, nor will it uncritically accept Catholic points of view. The goal is an accurate understanding of Catholicism and Catholics which can help us interact with our Catholic friends, family and neighbors biblically, in a way that reflects both the truth and the love of Christ.

TH360 – Apologetics
The purpose of this course is to equip believers with answers to some of the more difficult theological questions and topics that Christians face, such as: arguments for the existence of God; the problem of evil; the life, death, and resurrection of Christ and a variety of other questions frequently encountered while witnessing.

STUDENT FEEDBACK

Students are encouraged to contribute to the quality of the student experience by providing feedback to the Horizon University administration. Students are invited to provide feedback through the following ways:

1. Student participation in the annual Student Experience Survey distributed in the Spring semester.
2. Fill out a feedback form on the Horizon University website at [https://www.horizonuniversity.edu/give-us-feedback](https://www.horizonuniversity.edu/give-us-feedback). (The link to the feedback form is located in the footer of the webpage.)
3. Bring feedback directly to University leadership in writing or in person.

GRIEVANCE POLICY AND PROCEDURES

Where a complaint is made relating to any student, instructor, or staff member, the complainant is encouraged to follow the instruction of Matthew chapter 18 before engaging in the formal complaint process. First go to the person and humbly express the issue, and only engage the reporting process where satisfactory outcome cannot be found among the parties involved.

Where a formal complaint is made, the details of the complaint must be recorded – including parties involved and description of the situation. If appropriate, an investigation will be undertaken and the results of the investigation will be recorded in student records.

Reporting a Grievance

For situations warranting a formal complaint of grievance, individuals should complete a Grievance Form available on the Forms page of the Horizon University website ([www.horizonuniversity.edu/student-resources/forms/](http://www.horizonuniversity.edu/student-resources/forms/)). Completed Grievance forms may be submitted to the Title IX Coordinator or a designated Title IX alternate contact.

SOCIAL AND BEHAVIORAL STANDARDS POLICY

Horizon University has specific requirements for student behavior, including that students obey local, state, and federal laws at all times, whether on campus or not. In addition, the University has standards for attendance, attire, financial responsibility, and other behaviors that must be met for continued enrollment. Violation of any part of the letter or spirit of this policy, as determined by University leadership, will result in disciplinary action up to and including expulsion. No individual instructor may grant permissions that override any aspect of this policy.

ALCOHOL/DRUGS

HORIZON UNIVERSITY expects its students to obey the law. It is a violation of the HORIZON UNIVERSITY standards for a student to drink, possess, or be impaired by drinking alcoholic beverages, or to possess, use, or be under the influence of illegal drugs or prescription drugs taken other than prescribed, on campus or at any University sponsored event. If HORIZON UNIVERSITY determines that a student has violated this policy, the University may disclose the violation to local or state authorities and/or a student’s parent or legal guardian if the student is less than 21 years of age at the time. Violation of this policy may result in disciplinary action deemed appropriate by HORIZON UNIVERSITY leadership. Such discipline may include by is not limited to mandatory participation in drug/alcohol treatment or rehabilitation, temporary suspension, or expulsion.

ATTENDANCE

A student who misses three or more classes in a course will be automatically withdrawn from the course except where the absences are due to emergency or extreme circumstances that are documented and reported to the administration in a timely manner. A student who misses class is responsible for all notes, assignments, and exams that occurred during their absence. It may or may not be possible to make up these assignments, at the discretion of the Instructor; consult individual syllabi for class requirements.

ATTIRE

Students should be properly dressed at all times for the specific occasion. Any sexually suggestive clothing, including t-shirts with ungodly wording, slogans or cartoons, will not be tolerated anywhere on the campus. Shirts and shoes must be worn at all times by both men and women. Both men and women are asked to avoid wearing clothing that reveals their undergarments. Determination of impropriety is at the discretion of Instructors and/or University leadership.

Any student wearing inappropriate attire will be dismissed from class until that student can return wearing suitable clothing. It will then be the student’s responsibility to obtain any lecture notes missed due to dismissal for inappropriate attire. Repeated violations of this policy may result in probation with mandatory pastoral counseling, or suspension from the University at the discretion of the Academic Dean.

CHEATING/PLAGIARISM/FORGERY

At Horizon University, plagiarism is defined as: the practice of taking someone else's work – either words, ideas, or concept organization and passing them off as one's own, including intentional or unintentional copying, infringement of copyright, piracy, theft, or stealing. Anyone who submits plagiarized work – whether intentional or not – will receive a zero grade for the paper and a 7-day grace period to rewrite and resubmit the paper for grading. If the rewritten paper is submitted by the 7-day grace period and to the standards of the course outline the resulting grade will not exceed 60% of the paper’s grade value. A second offense of plagiarism will result in failure (“F”) for the course it is found in and the student will be placed on academic probation for the remainder of the school year. A third offense will result in immediate dismissal from the University.

CHURCH INVOLVEMENT

Students are expected to regularly attend church services of their choosing.
FINANCIAL RESPONSIBILITIES

Keeping in mind the biblical principles of stewardship, selflessness, integrity, and personal discipline, it is expected that students will meet financial obligations on their scheduled due date for each session that they attend HORIZON UNIVERSITY. Students are required to make full payment for all classes at the start of the offering period. Any payments that are returned to the HORIZON UNIVERSITY for non-sufficient funds will result in a charge of $50.00 per incident. After two occurrences the student may be required to pay by cash, certified check, credit card, or money order for the remainder of the academic year. No student will be allowed to register or participate in graduation events, nor will degrees or transcripts be released until their account is paid in full.

INSURANCE LIABILITY

Although precautions are taken to maintain adequate security, HORIZON UNIVERSITY does not assume any legal obligation to pay for injury to persons (including death) or loss or damage to items of personal property which occur in its buildings or on its grounds, prior to, during, or subsequent to classes or events on the campus. Students, their parents, guardians, or guarantor are thereby strongly encouraged to purchase and maintain appropriate insurance to cover health, life and property.

STUDENT DISCIPLINE

Students are required to maintain standards of behavior that are consistent with the calling to ministry, the teachings of the Bible, and the stated intentions (e.g. mission statement, goals, policies) of HORIZON UNIVERSITY. Students who do not maintain such standards may be denied the opportunity to continue in this school or to graduate from it. The primary goals of discipline at HORIZON UNIVERSITY are restorative not punitive, and the physical, emotional, and spiritual protection of the community.

RUDE/OBScene LANGUAGE

Vulgar, foul, obscene, or profane language is not to be tolerated on campus at any time. Pornographic materials, obscene literature and pictures are also not to be tolerated. Any student who violates this policy will be asked to have a consultation with the Academic Dean. Repeated occurrences of rude or obscene language may result in probation with mandatory pastoral counseling and/or community service, or suspension from the university, at the discretion of the Academic Dean.

SEXUAL MISCONDUCT

Students engaged in inappropriate sexual behavior are destructive to an environment of purity and obedience to God. Sexual misconduct includes, but may not be limited to, the following: suggestive conversation, correspondence, or gestures; public displays of sexual intimacy; and extra- or pre-marital sexual relations, whether on or off campus. Any student who violates this policy will be asked to have a consultation with the Academic Dean. Repeated occurrences of sexual misconduct may result in probation with mandatory pastoral counseling and/or community service, or suspension from the university, at the discretion of the Academic Dean.

SMOKING

Horizon University is a smoke-free environment. No student may smoke either on or outside of the campus. Due to its destructive nature to the human body which God has created, smoking is strongly discouraged as a life-style choice, whether on or off campus. Any student who violates this policy will be asked to have a consultation with the Academic Dean. Repeated occurrences of smoking on or outside of the Horizon University campus may result in probation with mandatory pastoral counseling and/or community service, or suspension from the university, at the discretion of the Academic Dean.
Theft/Destruction

Bearing in mind the biblical principles of honesty, integrity, and concern for neighbors, theft or destruction of property will not be tolerated at Horizon University. Any student who practices breaking and entering, theft, embezzlement of funds, and/or related activities will be subject to suspension from the university with mandatory pastoral counseling and/or community service, in addition to possible civil prosecution.

Unauthorized Use of Property & Equipment

Students are prohibited from any unauthorized use of Horizon University property or equipment. This includes office equipment and supplies, kitchen and bathroom areas, any and all multi-media and computer equipment. No student may disconnect, interface with, relocate or tamper in any way with computer systems, hardware, printers, peripherals or accessories. No student may download or install any third party programs or software. Any unauthorized use or tampering that result in loss of functionality or damage will be considered as Theft/Destruction (see above).

Unauthorized Use of Premises

Students are prohibited to use the Horizon University campus for unauthorized events or activities. If a student wishes to hold an event or activity on the campus, the student must first obtain permission from the Registrar Office. Unauthorized use of premises may result in probation or suspension from the university, at the discretion of the Academic Dean.

Violence

Threats or acts of violence will not be tolerated at Horizon University. For the safety and well-being of the entire Horizon University community, any student who violates this policy must immediately leave the campus. Furthermore, that student will be subject to suspension from the university with mandatory pastoral counseling and/or community service, in addition to possible civil prosecution.

Reports to Law Enforcement

In the interest of the safety and integrity of the Horizon University community, Horizon University reserves the right to refer any violation to appropriate law enforcement.

Sexual Assault Policy

If you, as the victim, believe a sexual assault act has been committed, report the assault immediately to the nearest fellow faculty or staff member, who is to in turn notify the school’s President or dean of administration and the police. We desire to do everything possible to protect victim’s safety, reputation and emotional wellbeing. Therefore, a sympathetic, same-sex companion will be made available to be with a victim of such a crisis.

Any observer of a sexual assault crime should notify the school’s President or dean of administration immediately, rather than take the initiative to contact the police. It is critical that the rights of victims are protected so that they accurately report the crime to authorities.

The police will be called to review the crime, take a description of the attacker, etc. and ensure that the victim and his or her escort are transported to a medical facility. Confidentiality is required in order to protect all parties involved with the assault. In order to protect the rights of both victim and alleged perpetrators, neither the names of victims nor alleged perpetrators will be released to the public without prior permission. Any inquiries from newspapers, employees, parents, or other students will be immediately forwarded to the school’s President or Dean of Administration to avoid misrepresentation of the facts and breach of confidentiality.

Efforts will be made by the school staff or faculty member to help the victim deal with work-related difficulties resulting from the crime. Should a student, faculty member, or staff member be accused of the crime, appropriate disciplinary action will not occur until a formal investigation is completed. The victim will be informed of any disciplinary action that is taken or progress of appeals in connection with the sexual assault.
Prevention is the best tool for elimination of sexual assault. All staff, faculty, and students should take all steps necessary to prevent sexual assault from occurring such as escorting females to parking areas, expressing strong disapproval, using self-defense techniques, and increasing awareness of what sexual assault means.

**Non-Harassment Policy**

Horizon University does not tolerate harassment or intimidation of any kind. Horizon’s Non-Harassment Policy and state and federal laws prohibit harassment on the basis of race, religion, color, sex, gender identity, sexual orientation, national origin, ancestry, citizenship status, uniform service member status, marital status, pregnancy, age, protected medical condition, disability or any other category protected by applicable state or federal law.

Harassment is defined as unwelcome physical, verbal or other conduct directed toward one person by another. General harassment exists when the behavior interferes with an individual’s academic performance or creates an intimidating, hostile or offensive academic environment.

Harassment does not refer to occasional compliments of a socially acceptable nature except where the recipient has requested that such comments cease. Harassment does refer to a pattern of behavior or a specific incident(s) which are unwelcome or are personally intimidating, hostile or offensive.

**Student Rights and Due Process**

A student who believes that disciplinary procedures are unwarranted or unfair has the right to due process. The sequence of steps starts with a meeting with the student dean to make sure the student understands the offence and to evaluate the student’s attitude. At that meeting, the student dean will provide the student a written statement concerning the suspect behavior. If the student does not evidence a change of behavior, the process will go forward through probation, suspension and expulsion. At the point that the latter three steps begin, a student may notify the student dean that he or she wants to appeal his or her case to a committee of disinterested faculty and students (i.e. members of the student government unless they are somehow involved). A final appeal can be made to the administrative council. In regard to discipline and due process, the student has the following rights:

- The student has a right to know the charges against him or her and to receive them in writing.
- The student has a right to have a hearing consisting of a committee of disinterested faculty (two) and students (preferably two members of the student government) and the student dean. This committee will make a recommendation to the administrative council, which will make the final decision. The final decision will be signed by the President and a copy will be given to the student.
- The student also has a right to confront his or her accusers (e.g. explain his or her side of the story, cross-examine witnesses, bring his or her own witnesses)
- A student may be represented or assisted (e.g. a character witness’s testimony) by anyone he or she chooses
- The student has a right to the minutes of the proceedings and a written copy of the decision.
- The student may appeal this decision by requesting another hearing before the administrative council. The final decision will be signed by the President and a copy will be given to the student.
